Stella is 4 years old and one of two girls from our Bella X Stanley litter to be competed and part of the Team Turbo Girls and Turbo Retriever breeding program. Stella is sister to Sharlie, HRCH Turbo Steam'n Twilight Dragon CDX MH ** WCX CCA VCX. Stella has a JH pass but her calling has been in agility. Stella competes in the Canine Performance Events (CPE) venue and is a C-ATCH3 agility champion and 3 Standard Q's (~one event) away from becoming a C-ATCH4 which would make her the fourth ranking golden in the CPE and expecting to complete this accomplishment after this first and likely only litter of puppies. Stella is a stocky little girl, weighing 64# with a dark pigment and a coat similar in color and curl as her grandfather Boomer. Based on the outstanding line bred litter produced by Sharlie and Boomer, we are repeating this line breeding with Stella and expecting to produce some outstanding performance working dogs. These dogs will be working dogs and need a job, whether that is for hunting or competing, they will want to work and please their owner.
