Daisy is a light golden truly with the drive of a dark golden. Daisy has a short, trim, flat and soft coat. Daisy is about 22" tall, 64#, and fast. Daisy may be the fastest Turbo Girl as she has been known to chase down Sharlie racing after a bumper. Daisy is a sweet, quiet mannered lady, but will not take any gruff and is the quiet competitor. While Daisy is a fierce competitor, she is all about retrieving and working for her owners, and has little interest playing with the other dogs. She is always ready to work/run. Daisy trains when she comes for babysitting when her family is on vacation. Sharlie rules the pool activities except when Daisy comes to stay. Daisy dominates the pool work and has competed in the local dock diving competition. Daisy is training for her senior hunter tests and scratched from her first test when she went into heat. Daisy will continue to train and compete for a senior hunter in the future. During long training, Daisy marks doubles at 200-250 yards on land with hardly any training. Daisy has every health certification/clearance available for Golden Retrievers and these puppies will come with a 26 month health and genetic Warranty. Pups will be tested for Ichthyosis Status.

Hawk is a field trial competitor, owned by Carey Phillips and Kathy Yates, and are still actively training and competing. Per Carey: I bought Hawk to be my first field trial dog. Hawk got his first JAM in a derby at 13 months and got ribbons in 8 out of 10 derbies. He finished his master hunter title at 28 months and was QAA before he was three. Hawk got second in the first Amateur either of us had ever entered and has finished a number of Amateurs and Opens. Because of life's circumstances, we enter Hawk in only a few trials each year, but he is always competitive. Perhaps more importantly, Hawk is a fantastic buddy, a wonderful house dog and one of the best friends anyone can imagine having. Many people have suggested we send him off to a "pro", but his undying friendship and the good times we have competing is worth more to me than a bunch of titles. Hawk is a big, powerful male who lives life with a smile every day. Most of his puppies have very good size and many of them are doing exceptionally well. A truly fantastic friend. Hawk throws big pups. Flash is as big as Hawk since he was 9 months old and pictured with Hawk up and to the left. Hawk's sire is **AFC Emberain Rugby WCX OS FDHF**. Daisy's sire is **FC AFC FTCH AFTCH Can. OTCH TNT's Explosion Am. UD, FDHF, OS Cdn FDHF, OBHF**
